

## **Stars**

Tu en as deux, je n'en ai qu'une  
Une nous est commune.  
Une autre nous sépare.  
I can kiss you twice where you can only kiss me once.  
"O, thou art my devil,  
thy heart is to come,  
thy bloody black-rose shall come,  
my thirst is a devouring fire...  
My mountain shall spit the sacred fire,  
the blessing flooding-fire  
& my will shall consecrate the whole Work  
& your will shall be my food & pleasure.  
Kiss & ride the Holy Beast,  
the inner beast shall run outside  
in the green valley of love & joy..."

## **Just...**

Just want to drive you banana, & see your mind fully opened like the Rose & then I will come &  
take what's yours, your secret elixir, the universal key to Pan.
